

LOOP 2.9 | Licensee Dashboard

Log into LOOP, and you will first arrive at the **Dashboard**. You will start here each time you sign into **LOOP**.

Examine the left side of the page; this is where you will find your primary means for navigating the site.

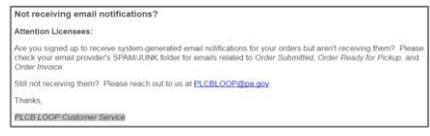

Look at the very top of the **Dashboard**; here you will see your name displayed with a small triangle to the right. Clicking on the triangle will give you the option to navigate to the **My Profile** page as well as a link to logout of the site.

Confirm your LID/LIDs are displayed by default beneath the banner at the top of the screen. If you have more than one LID registered, you need to select the LID you want for your session, each time.

Scroll to the **Notifications** section to check for PLCB updates. These notifications could be warehouse closings, important reminders or other important news from the PLCB.

Scroll to the **Product Promotion** section to view **Current** and **Upcoming** product promotions.

Toggle back and forth between **Current** and **Upcoming** to make sure you are viewing the most up-to-date or future promotion prices.
