- (1) **Video Creation Services** – Interagency – VENDOR: Commonwealth Media Services – Commonwealth Media Services will record video of PLCB distribution center operations and store delivery to educate potential bidders on the PLCB Distribution Center RFP. This project will include shooting the video, providing voice overs, editing video and creating final electronic files for use online and on DVD. The DC RFP process requires all bidders (one or two attendees per company) tour one of the PLCB DC's plus attend/witness the total process of a Store delivery. This becomes part of their evaluation of our business, in order for them to put their quotes together. Our past experience is that the tours are awkward and unwieldy. In addition, it requires significant travel time and expenditure for the RFP team. Creating this video of the DC tour and store delivery will eliminate this time/travel expense requirement. It will also allow the bidding companies to show as many of their employees as they deem necessary the footage of the PLCB DC and the typical store delivery process. It will eliminate possible interpretation errors, passed through word of mouth, or loss of memory/details. It also is permanent documentation of our DC RFP process. The voice over script has been developed by the PLCB Supply Chain organization, so to ensure its factual accuracy. – \$15,000.00 estimated cost.
