

As of Friday, May 15, the following Fine Wine & Good Spirits, in counties designated in the yellow phase of COVID-19 mitigation efforts, will reopen to limited in-store public access.

The following mitigation efforts will be in place:

- Stores will limit the number of customers in a store at a given time, allowing no more than 25 people (employees and customers), and further restricting the number of customers in smaller stores.
- The first hour each store is open each day will be reserved for customers at high risk for COVID-19, including those 65 years of age and older. Voluntary compliance from all customers is encouraged in the interest of protecting the health and safety of our most vulnerable community members.
- Customers and employees will be required to wear masks and practice social distancing, guided by signage throughout the stores.
- Signage will also direct customers to follow one-way patterns to avoid cross-traffic and encourage them to refrain from touching products unless they intend to buy them.
- Store employees will perform enhanced and frequent cleaning and disinfecting, and store hours will be modified to ensure appropriate time for cleaning and restocking.

Prior to opening to the public, each location was professionally sanitized, and plexiglass was installed at registers to provide a physical barrier between employees and customers at checkout. All Fine Wine & Good Spirits employees are being provided masks, gloves and frequent opportunities to wash hands.

Each store reopening to limited public access will continue offering curbside pickup to the best of its staff's ability. All sales are final. No returns will be accepted on in-store, [curbside pickup](#) or e-commerce purchases until further notice. For answers to frequently asked questions, click [here](#).
