CALL FOR PRESENTERS

The Pennsylvania Liquor Control Board's (PLCB) Bureau of Alcohol Education (BAE) invites you to submit topics for consideration on projects and initiatives that explore winning strategies and promising, evidence-based practices relevant to the prevention of underage and dangerous drinking in communities, schools and campuses. The audience of the conference is law enforcement professionals, educators and professionals in the alcohol education community.

Presenter Proposal Requirements:

Presenter proposals should include a topic, a summary of the presentation and learning objectives. Include reference to any accompanying research or sources that support the presentation including, but not limited to, personal experience, evidence-based data or research, information on how the projects have been used within the community to address the issue and the results of implementation of the project. Please include a brief personal biography fit for advertisement, no longer than 150 words, and a scanned business card.

Topic examples include: collaboration between local and college campus police departments to benefit communities they serve; alcohol consumption of various age groups and how trends affect future prevention and education efforts; the collaboration between Liquor Control Enforcement officers and communities on nuisance bar issues; or how peer educators are working to positively influence and educate students on and off college campuses.

If applicable, presenters should identify a speaking fee in the proposal. Each presentation should be approximately 60 minutes in length, including time for questions. An estimated time of the presentation should be noted in the proposal. Visual presentations are encouraged.
