

User Guide for Limited Wineries to File Electronic Monthly Reports

As a limited winery licensed by the Pennsylvania Liquor Control Board (PLCB), you are required to file monthly reports detailing wine production. This guide will introduce you to the Internet-based online reporting system designed to help you fulfill your reporting obligations to both the PLCB and the Pennsylvania Department of Agriculture in a single process.

The reporting system provides an easy-to-use online platform through which wineries can detail production and opt to spread producer charge payments to the Pennsylvania Wine Marketing and Research program (20 cents per gallon of wine sold each year) throughout a year.

To access the reporting system, visit <https://services.agriculture.pa.gov/PACommodities/>. Adding this web address to your Internet favorites or bookmarks will facilitate easy access on an ongoing basis.

Should you have questions or require assistance with the online reporting system after reviewing the information herein, please email RA-PAwines@pa.gov or call 717.787.6041. Wineries requiring paper forms to complete these monthly reports may also utilize this contact information.

Registering an Account

- The first time you use this system, you must select “Register” in the upper-right corner of the screen to set up your user account.

- On the next screen, enter the six-character Winery Code provided to you in correspondence from the Department of Agriculture and PLCB, then designate your own username, password and email to be associated with your online reporting account before selecting “Create User”.

Once registered, visit <https://services.agriculture.pa.gov/PACommodities/>, select “Login” from the upper-right corner and complete the Winery Assessments Form (above).

If you are completing monthly reports for multiple licensees, you’ll first need to enter the six-character code for any additional winery to be associated with your account and select “Associate Winery” (1).

To complete a monthly report, a winery must:

- Identify the winery using a drop-down menu (2);
- Designate the year and month for which wine sales are being reported (3); and
- Enter the number of gallons sold during the reporting period (4).

Upon clicking “Submit” (5), the online reporting system will calculate and display the producer charges due the Pennsylvania Wine Marketing and Research Program for sales during the month reported.

- The system then affords the option to “Print Payment Slip” (6), which can be used in mailing the monthly producer charge payment to the Pennsylvania Wine Marketing and Research Program. Wineries also have the option to pay producer charges in a single installment after a year’s end.
- After clicking “Submit,” you will be asked to verify the information provided is true and correct, and that you make that representation subject to criminal penalties for unsworn falsification to authorities. Click “OK” to verify the information.
- On the next screen, select “Print Payment Slip” if you wish to have a printed statement and pay the indicated producer charges to the Pennsylvania Wine Marketing and Research Program.
- Select “Confirm” to submit your monthly report.
